Public Comment

The Clerk read the rules under which public comment would be permitted.
Fabio Arino from ANS Sanitation. Mr. Arino repeated a request that he had made at other times that a hauler be on the Board, as an unpaid member. He noted that Covanta had instituted a repair to the floor area that resulted in three and four hour delays for haulers waiting to tip during the time repairs were taking place. He offered his suggestions on how to better handle it. Next Arino stated his belief that the Plainfield Municipal Utilities Authority (PMUA) owe the haulers of Union County an apology for a statement they had made in the paper that he believed to be libelous. He asked that, that while the UCUA was not part of the PMUA, they should be made to apologize. He made various accusations against the how the PMUA operates.

Mr. Arino stated that the real reason and some of his fellow haulers were here tonight was to celebrate the seventh anniversary of waste flow in Union County. To mark the occasion he presented the Commissioners with a cake. The cake read “July 21, 2010 Seven years of Waste Flow – BRI Pennsylvania.” He also stated that the cake represents seven years of “wasted flow”. He urged the Commissioners and Dr. Garg to strictly enforce waste flow fairly.

Jerry Infintino of Infintino Disposal commented on an article that Dr. Garg had done regarding waste flow as an economic indicator. He disputed some of Dr. Garg’s facts, stating that the recent increase in waste flow was due to the amount of water in the garbage. He attributed the water to the economic upturn that Dr. Garg had spoken about in the article.

There were no other members of the public wishing to speak.

Chairman Kulish thanked the two individuals for their comments and stated that the Authority would take them under consideration.
